THE NATIONAL UNION BUSINESS COLLEGE

WASHINGTON, D. C,

Offers superior advantages for a thorough Business Education.

The course of instruction embraces Commission, Importing, Jobbing, Retailing, Bank and other Bookkeeping, Commercial Law, Arithmetic, Correspondence, Spencerian Penmanship and Business Practice.

PENMANSHIP is taught by Henry C. Spencer, the leading author of this system, and celebrated as the Editor of the "Spencerian Key to Practical Penmanship," adopted by nearly all first class Colleges as the standard of criticism. Unusual facilities are here presented for acquiring this valuable art.

The system of "BUSINESS PRACTICE," originated and successfully taught by the Proprietor, receives his special attention. This is the most valuable part of the course. Here the student applies his theoretical knowledge. He buys and sells representative mdse, makes out notes, drafts, invoices, &c., deposits College money in the College Bank, and checks it out as his business requires. Becoming, in turn, Retailer, Wholesale, Forwarder, Banker, he soon acquires a knowledge of business forms, learns to compose and condense the history of every transaction and thinks for himself. He is thus prepared for actual business.

Full scholarship, good for review at any time, with Life Membership in this Union of Colleges extending to the principal cities, only $45. Books and stationery extra.

For circulars giving full information, for specimens of Penmanship, of the College currency and merchandise.

Address,

PROSPECTUS.

This company owns by warranty title nearly fourteen thousand acres of mineral lands, situated in the counties of Chatham, Moore, Rockingham and Stokes, on the waters of Deep and Dan Rivers, in North Carolinia, which abound in plentiful deposits of coal, copper, iron, salt, and, there is every reason to believe from general and surface indications, petroleum or coal oil.

The services of two practical and efficient men, experienced in boring for oil, and stimulated by a long course of success in Venango county, Pennsylvania, were secured by the company several months since and they are now on the lands, with the requisite force, tools, steam engine and machinery, boring a well with very flattering prospects of success. The organization of this company effected some time since has now been perfected in legal form, by act of incorporation, with a capital of $500,000, divided into 100,000 shares of $5 each.

By reference to the valuable and laborious reports of Prof. Emmons, State Geologist, and Commodore Wilkes, U. S. Navy, every one interested will be enabled to judge of the value of the large area of territory secured by the North Carolina Petroleum and Mining Co.

It is well known that a superior article of bituminous coal is now being mined in the Deep river coal region, where a portion of the lands are situated, and this company owns property known to be equal if not superior to any on which shafts have been sunk. Copper, iron and salt also abound, and the attention of capitalists has already been directed to this section on account of its value for the above minerals.

Below are given a few extracts from the journals showing that there is no good reason why there should not be as large quantities of oil in the "Old North State" as in other States.

Oil has been struck in Overton county, Tennessee, on the north line of that State, about midway from its eastern border, eighteen miles from the Cumberland mountains.—*Christian (Richmond) Observer.*

OIL WELLS IN WEST VIRGINIA.—The Parkersburg *Times* gives an astonishing statement of the yield of wells in the region thereabout, consisting of Wood, Wirt, Ritchie and other counties, viz: Burning Springs, 2,500 barrels per day; White Oak, 1,500; Lick Run, 300; Horse Neck, 150; and of the several wells on Hughes river, 6,000 barrels per day. The quality is said to be remarkably fine. The *Times* considers the oil of West Virginia the best yet discovered.

THE OIL EXCITEMENT IN ILLINOIS.—The oil excitement in Clark county is still high. Some eight or ten derricks are up and at work. The deepest well is only 325 feet, with a fair yield of oil. Some of the other wells have struck oil and gas at from 70 to 100 feet.—Much time and money will be spent this summer in the thorough development of the oil resources of Clark county. Men of capital and experience seem confident that oil will be found in large quantities, and are willing to test their faith by a free expenditure in developing the lands. The first company who bored on the land of Hon. T. R. Young, are now engaged in trying to raise the sugar which was lost last fall. The Eastern Illinois Company will begin work in a few days twelve miles southwest of the first well. The prospect in that locality is good.—*Chicago Tribune.*

It is known that after a few months boring in the vicinity of Lynchburg, a large vein of oil was struck and a productive well is now in successful operation. This is on the same line with, and about 80 miles from, the company's first well on Dan River, where the indications both general and particular are similar.

In order to have sufficient means to develop this valuable property in such a manner as to insure success, the Directors have authorized 10,000 shares of the capital stock to be sold to raise a working capital, and subscriptions for that number or any part thereof will be received.

An uncommonly favorable opportunity for investment is thus afforded, as those who choose to buy stock under this offer will have the advantage of an equal footing with the original corporators in an enterprise which, after the example of the immense profits realized in those of a similar character in other States, though in many respects on less favorable conditions than this, (compare the extent, cheapness and fee simple title of the basis of operations here offered) gives reasonable assurance of the most lucrative results. In many instances in sections of less favorable oil localities, shares have advanced in a few days from $2 or $5 to $20 and even $50, and poor men who made small investments realized fortunes.

Further information may be had at the office of the company, one door north of the Court House, Greensboro, N. C., where books of subscription are now open.

By order of the Directors.

A. G. BRENIZER, Secretary.

FOR SALE.

The Warrenton Female College is now offered for sale, on reasonable terms. This College has been in successful operation, for over twelve years, and, during that time, it has earned a reputation as an Institution of learning, second to none in N. C.

The location is such as to warrant a full attendance of pupils, being very accessible from any point, especially the Eastern portions of N. C. and Va.

The Committee, who have been empowered to make sale of this property, deem it unnecessary to say more of this Institution as its character for a high grade of scholarship, and the elevated standard of morals inculcated, under the eye and supervision of its late President, E. E. Parham, is already well known.

The society in which this College is located is known to be equal to any in the South.

There is now a sufficiency of Buildings and other Conveniences attached to the Real Estate, to conduct a large and flourishing school. The premises contain about SIXTY ACRES of Land a material portion of which is within the *Corporation*. This with *all* or a *part* of the furniture, &c., belonging to the same, can be purchased with the land and buildings. This property will be offered *privately* for sale until *Wednesday* the 3rd day October next, and, if not then sold, will be on that day sold, at public auction, to the highest bidder.

The Great Convention.

We have barely time and space, to-day, to direct attention to our telegraphic columns, giving a full and interesting account of the preliminary proceedings of the great National Union Convention in Philadelphia. We are delighted to hail it as a great success,—promising the most auspicious and glorious results.—We look to its action, commenced in a spirit of such generous harmony and conciliation, to stir to their profoundest depths the hearts of the honest and patriotic masses of the whole country, and arouse a popular enthusiasm that shall speedily sweep the destructives and disorganizers out of power.

We envy not that man, whose best feelings are not moved, as he reads how the two States, heretofore regarded as the representatives of the extreme feeling in both sections, illustrated the opening of the Convention by a spectacle of reconciliation and mutual forgiveness, at once so appropriate and so touching. Heaven grant that the incident may be typical of a restored and harmonious country!

The Raleigh Sentinel, which takes us to task for having said that Judge Ruffin decided the new Constitution of North Carolina to be unauthorized and essentially illegal, does not deny that the Judge wrote the letter to which this emphatic opinion is ascribed. Mr. Ruffin is an ex-Chief Justice of the State, and may be presumed to speak in behalf of a large malcontent sentiment; but we shall be surprised if the people of North Carolina do not go so far in their own reconstruction as to obey the President, and adopt the Constitution which Mr. Ruffin considers a clear and perfect piece of dictatorial despotism on his part.—*Tribune.*

The New York *Tribune* appears to be still uninformed of the real state of affairs in this State. This, however, is not remarkable. Surprising ignorance of the South, and of her people, is the rule all over the North. It is only here and there that we find the Northern people at all disposed to do us justice, because of the violent prejudices created by the misrepresentations of a few Southern presses, and the numerous bitter Northern correspondents who have flooded the South since the close of the war.

Judge Ruffin has manifested no disposition to be the leader of the malcontents in this State. Moreover, there are no malcontents in this State against the Government. The discontent here has grown up entirely since the war, by the bitter and illiberal course pursued towards the Southern people by the Radicals, and especially by the leaders of the ultra Radicals in Congress. Southern people are punctilious upon a point of honor. Though defeated, they will not tamely submit to insult. President Johnson proposed terms of reconciliation to the South. Our people accepted those terms and swore to abide by them and to support the Constitution and the Union. They have *felt* that moral obligation, and Southern honor compelled to a strict compliance. But they find that the Northern Radicals have placed no confidence in their pledges or honor—that the Congress wholly ignores their ability or disposition to keep an oath, and hence that the means proposed for the future have been degrading to us as a people and ruinous to our peace and prosperity.—What has been the effect? Why, in the first place, it has banished from the Southern mind all confidence in the justice and political or moral virtue of Northern Radicals; and, secondly, it has revived the old hate which brought on the war, against all ultra abolitionists and Radicals. But no such feeling exists towards the Government itself, or against the liberal and conservative people of the North.

Before the letter attributed to Judge Ruffin appeared, no doubt had been publicly expressed, in the State, as to the rights and powers of the President to authorize the call of a State Convention. That letter has only been published in three or four papers, and not one twentieth part of our population have even heard of it. Nine-tenths of the people of the State warmly and heartily acquiesce in what the President has done. They accept and endorse what the Convention did at its first session, and regard the ordinances passed as the organic law of the State. The ordinances abolishing slavery and rescinding the secession ordinance were submitted to the people, and they ratified them in November last.

When President Johnson issued his peace proclamation, declaring the war at an end, and that North Carolina was entitled to the rights of a State in the Union, our people very generally concluded that the Convention had done all that was required of it, and that its powers were at an end. The people believed that the Convention was a restricted one, limited to the specific objects defined by the President and acquiesced in by them. They never heard, at the time of the selection of the delegates, any thing about revising and altering the entire Constitution; the questions of the basis of representation, and various other changes in that instrument, were never submitted to them.—Hence, much discontent arose in the State when the people saw the determination of the Convention to remain at a heavy cost to them, simply to make changes in the organic law of the State, not at all affecting our national relations, which they had not instructed them to make, and about which they had not been consulted. If the new Constitution has been defeated, this is the cause of it—dissatisfaction with the body which made those changes which relate to State polity, without the consent or approval of the people. If the Constitution is rejected, the old one stands, as well as the ordinances of the Convention adopted to comply with the policy of the President. These are just as much the organic law of the State, as if the new Constitution had been adopted. Its rejection or adoption does not affect the Federal relations of the State an iota.

Drilling of Negroes.

We alluded, some days since, in a temperate and cautious manner, to the reported drilling of negroes in this city, and other improper demonstrations. We had hoped that our suggestions would have commended themselves to the notice of the military authorities, but we have no reason to believe that they have received any consideration. It is quite certain that, were any of that portion of the community, who have the misfortune to be white, to engage in such martial pastimes, they would speedily realize the full virtue of general orders.

Whether our voice of warning is heeded or not, we shall continue to admonish the powers that be of the danger that lurks beneath such proceedings as we have indicated, so that, if trouble should come, *our* skirts, at least, will be clear of responsibility. We repeat, again, that we have been informed that many of those negroes, who have congregated in and about the city, and who are living in indolence and vice, are constantly drilling,—whether with or without arms we are not apprised. We may add that scarcely a day passes, that they are not engaged in holding secret meetings, the nature of which does not transpire, but which are thought to be of a turbulent character.

If these things are so, their tendency is mischievous in the extreme and requires a prompt corrective.. If the rumors are incorrect, an investigation will disprove them. Such an investigation is imperatively demanded, and a failure to make it, upon the part of those invested with the proper authority, will be altogether inexcusable. The stern requirements of duty, when the security and good order of a community are menaced, are above all promptings of prejudice.

One word more: If for no other reason, let an investigation be had, in order to ferret out the *white* incendiaries who are at the bottom, doubtless, of all threatened social disturbances at the South, as the recent tragedy in New Orleans abundantly demonstrates. We hope, in the absence of other action, that the Executive of the State will direct the attention of the President to the evils to which we have felt ourselves in duty bound to refer.

BROWNLOW RAMPART.—In Brownlow's Knoxville *Whig* of the 1st of August, is a leading article, of which the following is the concluding paragraph:

"It is the settled purpose of the traitors at the North and the rebels at the South to involve the country in another bloody war; and this they aim to do during the next two years, under the lead of Andrew Johnson. An attempt to force southern traitors into their seats in Congress with bayonets will be made the occasion for the outbreak. Let the despot now at the head of the Government attempt a thing of this kind if he dare. A million of gallant Union men will at once appear in the District of Columbia, surrounding both the Capitol and White House, disposing of the heads of leading traitors after the most approved style of the age in which the King of England lost his head. If another war shall be forced upon the country, the loyal masses, who constitute an overwhelming majority of the people of this great nation, intend it shall be no child's play. They will, as they ought to do, make the entire Southern Confederacy as God found the earth when he commenced the work of creation—"without form and void." They will not, and ought not, leave a rebel fence-rail, out-house, or dwelling, in the eleven seceded States. And as for the rebel population, let them be exterminated. And when the war is wound up, which should be done rapidly, and with swift destruction, let the lands be surveyed and sold out to pay the expenses of the war, and settled only by a people who will respect the Stars and Stripes."

And yet this is the man whom the Radical organ in this city designates as that "*glorious* old Patriot!"

SENATOR DOOLITTLE, who presides over the great Convention in Philadelphia, and whose whole course has been that of a statesman and a patriot, is a former pupil of the Rev. Dr. Mason, of Christ Church, in this City, when the Doctor was President of Geneva College in New York. He has good reason to be proud of his quondam scholar.

An enthusiastic pamphlet has been addressed to the Pope by a French prelate, advocating the cause of Christopher Columbus as a worthy candidate for the honors of canonization.

A *new* candidate for "canonization" is presented by the Radical press in this country, in the person of *Dostie*, the New Orleans barber.

OH! OH! HOWARD has written a letter on the Freedmen's Bureau, in which he pronounces that "institution" indispensable in the present condition of affairs. To *whom?*

Kentucky Election.

[From the Louisville Courier, August 10th.]

The Grand Result—Eighty eight Counties Heard From—Duvall's Majority thus far, 44,488.

We publish in this morning's Courier returns, official and reported, from eighty-eight counties and the city of Louisville, which give Duvall the splendid majority of 44,488. There are twenty two counties yet to be heard from, most of them mountain counties, and a majority of which will go for Hobson. It is possible, notwithstanding, that Duvall's majority will run up to nearly or quite 50,000.

Thus far we have heard of only thirteen counties going for Hobson, while seventy-five have given majorities for Duvall.

For the Sentinel.

An Appeal to the People of the South in Behalf of the Widows and Orphans of Our Deceased Soldiers.

Fellow Citizens:—Every city, town and neighborhood, throughout the length and breadth of our sunny land, is filled with this unfortunate class of our fellow beings, a large majority of whom are in absolute need of the indispensable necessaries of life? The mental anguish inspired by the irreparable loss of their patriotic husbands; the gloomy forebodings that ignorance, want and depravity will be the lot of their children; added to these, insufferable deprivations, almost render their existence a curse and an intolerable burden.

In imagination, go with me to *one* of their isolated and cheerless huts, bearing in mind that they are as numerous as the stars that spangle the heavens, and scattered broadcast from the Potomac to the Rio Grande,—from the cloud-capped mountains to the sea-beat strand. Behold that pale and dejected mother, keeping vigil over her cold and half famished children through the live-long night, while all around her is solemn and silent as the grave, save the voice of her lamentations: "Oh God!—if there is a God who rules this world,"—she cries in the anguish of hopeless despair, "how long shall I suffer! Is there no friend in this wide world to help me and my poor fatherless children! My husband sacrificed himself on the altar of his country,—believing that he would thereby restore her to prosperity, liberty and independence. Now hope has forever fled from my bosom, my heart has grown callous, and I no longer fear sickness, and death, and thunder, and the midnight assassin. Lord Jesus, end my troubles, or end my days, if Thou pleaseth!" If you ever felt the ennobling impulses of human sympathy welling up in your bosom, lend us your heart and a small portion of your time,—if you have nothing more substantial to give,—and, by the grace of God, we will soon shed a ray of sunshine into these inhospitable dwellings which shall cause the widow's heart to leap for joy, and the benignant smiles of gratitude to kindle the orphan's face. Individual effort has done but little, where there was so much to do; hence, nothing commensurate with their urgent demands upon our charity has been accomplished. Very much though can be done to ameliorate their condition, *by the union of heads and hearts*, on a general and feasible plan. Such an one, we flatter ourselves, is herewith respectfully submitted, and subject to your improvement. Their wants are immediate and prospective. The scarcity and exorbitant prices of provisions, which will succeed the general drought prevailing in the South, will cause thousands of this class to perish without we render them timely assistance. This urgent, indispensable and *immediate duty* we earnestly recommend to the care of the noble women of the South,—who have ever been the first to sympathize with the unfortunate, and who never forsook suffering humanity but at the grave.

Let them form themselves into "societies for the relief of the widows and orphans of our deceased soldiers" throughout every city, village, and Captain's district in the whole South, for the benefit of those in their immediate neighborhoods, appoint the usual officers and committees for the collection, management and distribution of its funds. Not a lock of cotton or wool, a yard of cloth, a pound of bacon, nor a peck of meal, should be refused by the collectors.

The surplus funds might be entrusted to the merchant-friends of the society, for the purpose of purchasing and furnishing, at cost, the raw materials for making gentlemen's apparel, children's shoes, stockings, palmetto hats and fans, chair-bottoms, hoop skirts, matches, envelopes, cotton and wool cards, besides many other light but useful articles, which could be fabricated by these widows and their children.

The goods should be sold immediately, the profits divided amongst actual laborors, and the principal re-invested. This will not only stimulate them to become useful and industrious; but disarm charity of that sting, which its sensitive recipients must ever feel. All these, and much more, the ladies of the South accomplished, with poor and scanty materials, under the stimuli of your ingenuity and patriotism. I am persuaded that you can and will do as much for God and humanity. By giving to the poor you lendeth to the Lord, who will surely repay you with interest compounded, and demonstrate to God and the world that you "are doing as you would be done by."

The gentlemen should organize themselves into one or more companies, in *every* county in *every* Southern State, for *general* manufacturing purposes, and should employ this class at remunerative wages. These factories will soon become the nucleus of churches, schools and neighborhood thrift; build up our towns, Southern trade, navigation and reduce the tax on cotton. They will yield to the stockholders a larger per cent. than that of any other investment. We have the water-power, navigable streams, railroads and the raw materials at hand in abundance.

The middle and New England States are principally indebted to these resources for their unparallelled wealth and prosperity. By availing ourselves of which benefits, and laying under contribution this element of our weakness to carry on its operations in part, we shall not only confer an inestimable blessing upon them, but greatly benefit ourselves and the whole country. Reduce the shares to $5,00 so as to make the enterprize a success, and enable every man and woman to partake of its advantages and share its honors. Congress has pensioned the families of the deceased Union soldiers; the Southern States are too deeply in debt to do anything of the kind, if it was political wisdom so to act; for it is an established fact in political economy that corporate bodies but seldom fail of success, while national projects of this class invariably do. Our plan will accomplish the desired object, and save the States the expenses incident to the collection and disbursement of funds for their relief. We will never become prosperous, independent, and respected at home and abroad, until we manufacture *every* thing we consume, and keep our money at home; and the sooner we act upon this theory the better it will be for us and our posterity. These widows and orphans, therefore, must be assisted by us individually and collectively, or God and all mankind will hold us responsible for the consequences; and if the occasion that inspires our charity should make us a self-sustaining people, the war with all its moral and disastrous effects will have been robbed of half of its curses. If we would save our land from ignorance, paupers, vagrants and malefactors, let us begin this work at once—with a determined and hearty will—and God will raise us up friends, both at home and abroad, to carry it out. Let no one excuse himself because he was opposed to the war, or did his whole duty while it lasted. Neither plea will avail me, though I exhausted all the eloquence of my tongue and pen to avert the war, by portraying its horrors, and foretelling the direful results which we are now experiencing. I appealed to Mr. Lincoln, when he was President elect, to remove the cause that would inevitably lead to an internecine war, by declaring his determination to administer the government upon those national and conservative principles which had governed his illustrious predecessors; nor did I cease to exert my humble offices, while the war lasted, to bring about an honorable peace. But when the war commenced I threw my all in the Southern cause; and my late beloved sons—one and all,—now sleep upon the battle-fields.

In conclusion, and in the names of Heaven and humanity, I would most earnestly entreat all Editors, both South and North, friendly to this cause, to publish this appeal, with commendatory editorials; that Ministers of every denomination would read it to their respective congregations, and assist the good men and women to organize societies; but more especially would I entreat those, North and South, who fanned our national discrepancies into a hurricane of fiendish war, which has swept over our once happy land "as with a besom of destruction," and left these blasted creatures of God, for whom we now plead, as living monuments of their folly and madness.

OFFICE OF AG'T. OF AM. BIBLE SOCIETY, Raleigh, N. C., August 12th, 1866.

Sixty years ago, the Bible was a *rare*, and an *expensive* Book. It was desirable that copies of this great Treasure should be multiplied; and that the cost should be lessened, so that the very poorest might be able to possess it.

In 1816, a considerable number of the leading ministers, and other Christians of this country, representing the different denominations and sections, met together, and associated themselves under the title of the "American Bible Society," whose constitution declares "*The sole object shall be to encourage a wider circulation of the Holy Scriptures, without note or comment.*"

This Society has grown to be an institution of immense proportions, with great capacities for accomplishing good results. It is second in size to but one similar institution on the globe; namely, the 'British and Foreign Bible Society,' centering at London.

The American Bible Society has printed and circulated *twenty-two millions* of Bibles and Testaments.

Not confining itself to this country, it has translated and printed the Bible in about *fifty* different languages; and in raised letters *for the Blind*. It is now printing it in the Arabic language, which will give the Scriptures to *one hundred and twenty millions* of Arabs.

In 1829, and again in 1856, this society instituted a general exploration of the whole country, with the view of supplying all our people with a copy of the word of God. By the first canvass, *every accessible family*, in the more settled parts of the States and Territories, was supplied. By the second, *five hundred thousand families* were supplied.

The society has resolved to undertake *a third general supply*, immediately, furnishing every family in the country with a Bible. This determination comes not a day too soon. Thousands are found without a copy of the Scriptures. The effects of war are seen in this, as well as in other things.

The terms on which the people are supplied are these: Those who are able to buy it, are to have it at *cost*; the poor are to receive it *gratis*.

But I need Colporteurs to carry the Bible to the people. I need money to pay these men. I earnestly appeal to every Christian in North Carolina, to send me money to carry on the canvass in this State. Pastors, Sabbath Schools, County Bible Societies, individual Christians, I beg you to help in this noble effort.

Contributions will be acknowledged in the newspapers of the State.

(Address,) REV. HENRY HARDIE,
Agent American Bible Society, RALEIGH, N. C.

Paying off the Public Debt.

The fact, officially announced a few days since, that the Public Debt of the United States had been reduced since the 1st of August, 1865, to the extent of upwards of ONE HUNDED AND TWENTY-FOUR MILLIONS of dollars, has been a source of congratulation to all who desire to see the financial credit of the government sustained. If the debt has been reduced to the extent indicated, how much more favorable would the exhibit have been, if the Congress which has just adjourned could have restrained within reasonable limits their greedy desire for plunder, and reckless, extravagant, and unnecessary expenditures. It is confidently asserted that the publication of the list of appropriations made by Congress will exhibit the startling expenditure of an amount equal to *more than one-tenth of the whole National debt*, this immense sum of $500,000,000 being largely made up of appropriations whose only use was for the manufacture of political capital, or procured by the judicious employment of those corrupting influences which the modern *lobby* member knows so well how to use. Amongst the items, however, the appropriation of $2,000 per annum to each member of Congress as *extra pay*, must not be forgotten.

With what a storm of indignant denunciation would such action have been greeted in the "better days" of the republic. How would the venal and corrupt perpetrators of such a bare-faced swindle have shrunk and cowered before the blaze of popular indignation which would have forever blasted their political prospects. Already nearly a million of dollars have been paid to Senators and Representatives as extra compensation, and although many of these gentlemen professed undying opposition to the measure, yet when passed by a bare majority, all are perfectly willing to share the rewards of the robbery. Up to the present time only one member has been found possessing sufficient integrity to decline to receive the extra pay, and we therefore give him honorable mention. He is Mr. C. D. Hubbard, of West Virginia.—*Lynchburg News.*

Death of Dr. Dostie.

Dr. Dostie died at an early hour this morning. He was perfectly sensible up to within a half hour of his death, and did not at any time realize that his death was so near. When he did we learn there was not one friend or acquaintance near his bedside. No one witnessed his last moments but the nurses in charge of the Hotel Dieu.

Thus ends the worldly career of a monomaniac upon a subject, who, in his heated infatuation, has caused much strife and bloodshed. We draw the veil upon the past.

Dr. H. Horton also died from his wounds last night, and John Henderson, Jr., we learn, is fast sinking.—*N. O. Picayune of the 7th.*

A cow was recently drowned by a mud turtle, near Ogdensburg. She had gone into the water to drink, when the turtle fastened to her nose, and held it so long under the water as to suffocate the cow.

Queen Victoria manifested her royal indignation at a lady for appearing at court in a very low necked dress, by ordering her never to present herself again.

Removals from office are going on with great rapidity in the North. A blow and a howl, and the thing is over.

The negroes of San Francisco have been testing their right to sit among white folks at the theatre. The Judge held that a proprietor has a right to enforce such regulations as would be most conducive to the prosperity of his business.

A gentleman who was rather impatient at table declared he wished he could manage without servants. "Why not have dumb waiters?" suggested a friend. "Because," returned the other, "I have tried them—they don't *answer*."

Brownlow has done one thing that never was done by mortal man before. We frankly give him the credit of the miracle. He has united the New York press. All the journals agree therein that he is—what the *Times* and the rest join in calling him—"the foulest mouthed man of the country."

DIED.

In Clayton, Adams county, Illinois, on the 20th of July, of dropsy, Mrs. LINDSEY HOUSE, in the 65th year of her age. She died in full triumph of the Gospel.

The Raleigh and Gaston Railroad announce their through freight tariff, North and South, by the air line route. We hail such evidences of accommodation and enterprize with great pleasure.

THE ATLANTIC cable appears to our readers this evening, as a success, indeed. We present them with the European news of yesterday.—But, more wonderful still, we received these despatches last night,—thus receiving, in the evening, intelligence of occurrences that happened in London, Liverpool and Paris in the morning.—While we write the words, we confess our inability to realize the fact. It seems almost incredible; yet there is no doubt about it.

Twenty-eight Counties yet to be heard from. We shall publish the *official* returns from *all* the Counties as soon as they are received. It is probable that the official returns already received may vary the result above stated somewhat, but not materially.

MASONIC.—We are requested to state that there will be a meeting of the Council of Royal and Select Masters, at Masonic Hall, to-night. Members are earnestly requested to be prompt in attendance. All R. and S. M's in good standing, who may be in the city, are fraternally invited to attend.

THE YARBROUGH HOUSE.—We had the pleasure of dining, by invitation, at this popular House,(Major Jno. H. Hope, Proprietor,)on yesterday. We confess our inability to do justice to the subject. The dinner, in all respects elegant, and the polite attention of the generous host, spoke more eloquently than we can express on paper. A table, groaning beneath the weight of a richer fare, we have rarely seen.

It is the intention of Major Hope to refit, refurnish, and almost rebuild the "Yarbrough," at once, and render it still more attractive and deserving of patronage. We wish him great success.

ARRIVALS AT THE YARBOROUGH HOUSE, AUGUST 14TH., 1866.—A. R. Carroll, Baltimore, Md.; J. A. Orrell, Fayetteville, N. C.; J. E. Wolf, Petersburg, Va.; S. Adams, N. C.; J. C. Codner, N. C.; A. J. Derbyshire, Philadelphia; John Shackelford, N. C.; C. H. K. Taylor, Granville, N. C.; Samuel Davis, Petersburg, Va.; Robt. Paton, Chatham, N. C.; W. J. Hawkins, Warren, N. C.; A. Field, Illinois.

THE COUNTY COURT of Rowan was in session the past week. There were sixty-four cases disposed of, thirty of which were argued and tried before the jury.

THERE ARE now, in the vicinity of Fayetteville, no less than fifteen turpentine distilleries in daily operation on the different small water courses running into the Cape Fear.

THE COTTON crop in Robeson county is looking finely and will be very successful.

IMPROVEMENTS are the order of the day in Salisbury. A number of new and handsome structures are going up.

REMARKABLE FEAT.—The Norfolk *Virginian* mentions that, a week or two since, a gentleman, who resides in Murfreesboro', N. C., accomplished a remarkable feat. He left that place in a medium size canoe, with a bale of cotton, and rowed all the way to Norfolk. It was an exploit of some note when we consider the distance, the weight of the cotton bale, and the intrepidity in crossing the Albemarle Sound. He disposed of his cargo and affirmed it was the love of adventure entirely that prompted him to make the trip.

The Delegates at Large from N. Carolina.

The North Carolina State Convention last Friday appointed W. A. Graham, George Howard, R. C. Puryear, and George Davis delegates at large for the State to the convention which meets to-day at Philadelphia. Mr. Graham was the candidate for Vice President of the United States, on the ticket with General Scott, was once Governor of North Carolina, held the position in the Cabinet of Secretary of the Navy, and was known for his ability and conservatism in both branches of Congress. He is a temperate and able statesman and justly commands the confidence of his State. Mr. Howard is, or was formerly, a Judge of the Superior Court of North Carolina, noted for his learning and talents. Mr. Puryear, for a long time previous to the war, represented his district in Congress.—Mr. Davis is remarkable for his acuteness, research and eloquence as an advocate. He was for a time Attorney General of the Confederacy, and is an upright, sensible citizen.

Messrs. Graham, Davis and Puryear were old, line whigs, (so-called,) while Mr. Howard was a Democrat.

The selections are admirable for the occasion, and indicate how earnest is the wish of the Old North State to compose all differences between the sections of the Union.—*Richmond Enquirer.*

Our Wednesday Morning Despatches.

THE GREAT NATIONAL UNION CONVENTION!

Harmony, Fraternity and Unity.

EVERY STATE AND TERRITORY REPRESENTED.

Massachusetts and South Carolina Arm in Arm!

THE SOLDIERS OF THE TWO ARMIES!

PHILADELPHIA, Aug. 14, M.

Fernando Wood's letter, declining to appear as a delegate, has made him many friends.

At a meeting of Chairmen of the various delegations, the following business has been agreed upon:

Each delegation is to report one of its number for Vice President, one for Secretary, two for Committee on Finance, two for National Union Committee, two for Committee to wait on the President with a report of proceedings of the Convention, one for Committee on credentials, one for that on organization and two upon resolutions and address. There will be no discussion on the resolutions. The interchange of opinions among the delegates has exhibited an unanimity of sentiment on this subject that forbids discussion.

The resolutions will substantially embrace the propositions contained in the call, which are honestly and cordially approved by all here, North and South, Republican and Democratic.

It is proposed that the Convention shall issue an address to the country, and, in addition to the address of the Convention proper, the Southern delegates should unite in a separate address, stating more in detail the position they occupy, the reasons by which they are influenced, and the results they hope to attain.

An informal meeting was held, last evening, of the soldiers of both the Northern and Southern armies, in which a proposition was made, and received with great favor, to call a Convention of soldiers of the two armies at some central point within a few weeks, when men who fought bravely against each other may meet in a spirit of conciliation and determine to stand together in maintaining the Union and the Constitution!

Gov. Orr spoke at the National Guard Hall last night. He said that a majority of the people of the South believed that they had a right to secede. The North did not agree, and the question was submitted to the arbitrament of arms. The Northern interpretation of the Constitution has been formally and legally established. The decision was pronounced on the field of battle, and the decree is irreversible. By this war the people of the South have, to a very large extent, been stripped of their property.—Their banks and their credit are gone. They have far more need of a stable government than you have, and it is mad folly to charge that they will not fulfil their oaths to support this government. We claim that this is *our* government as well as yours, but, that we may be equals, we must have representation in Congress. It is not just to tax us and exclude us from representation.

Montgomery Blair, and others, also spoke.

Later,--Temporary Organization,--Thrilling Proceedings.

PHILDELPHIA, Aug. 14, P. M.

The Convention assembled at the wigwam at half past twelve, P. M.

Secretary Randall opened the Convention by saying:

"*Gentlemen:*—I have to announce that the delegates from South Carolina and Massachusetts will now come, *arm in arm*, into this Convention."

This announcement was greeted with great applause, the entire delegation rising. At this moment, Major-General Couch, of Massachusetts, and Gov. Orr, of South Carolina, at the head of their respective delegations, marched in, arm in arm, with music playing and banners flying! Shout after shout, spontaneous and general, rent the air, and tears filled the eyes of all, delegates and spectators.

General John A. Dix was nominated as temporary Chairman, and, in accepting, said:

"I regard this as a Convention of no ordinary character,—not only on account of the high social and political standing of the gentlemen who compose it, but because it is a Convention of the people *of all the States* of the Union, (applause,) and because we cannot doubt, if its proceedings are conducted in harmony and with good judgment, that it will lead to most important results. It may be truly said that no body of men have met on this continent under circumstances so momentous since the year 1787, (applause,)—the year when your ancestors assembled in this city to form a better government for the States which composed the old Confederation,—a government which has been confirmed and made more enduring, as we trust, by the fearful trials and perils which it has encountered and overcome. (Applause.) Ten States have yet no representation in the Legislature of the country, *and it this wrong which we have come here to protest against*, and, as far as lies in our power, to redress. When the President of the United States declared that the war ceased, all the States had *the right* of representation. The exaction of new conditions is subversive of our National liberty and dangerous to the public peace. (Loud applause.) Is *this* the government which our fathers fought to establish, or which we have fought to maintain? He trusted that, in the deliberations of the Convention, the main idea would be to change the present complexion of Congress, purify the Republic and bring it back to its original standard,—one country, one flag, ONE UNION OF EQUAL STATES!"

After the appointment of Committees on credentials, organization and resolutions, the Convention adjourned until noon to-morrow.

Senator Doolittle has been nominated, in Committee, as permanent Chairman.

Mr. Vallandigham has sent a letter to the Ohio delegation, declining, for the sake of perfect harmony, to go into the Convention. The letter will be read in Convention to-morrow.

The car on which they were riding was fired into by some vicious persons, who, it is hoped, for the sake of law and order, will be caught and severely punished for the outrage.

The First Dose Relieved.

Wm. Verrel, Esq., Matoaca, Va., says, "I was afflicted with the Liver complaint for two years, sometimes so bad that I could not lie upon my left side for one minute, nor could I walk but a short distance without stopping to rest. I tried several kinds of patent medicines but found no relief. I also tried the skill of the most eminent Physicians but still found no relief. I was at last induced to try your Pills [THE SOUTHERN HEPATIC PILLS,] and *from the first dose I found relief*, and continued to mend until I was *perfectly cured*. I am now a well man."

BATTLE'S DIGEST.

The Digest of all the reported law cases in North Carolina, from the earliest period to the present year, is now nearly ready for the binder. It will consist of about 1200 pages, including the table of cases, &c.—The book has been so arranged that it can be bound in one volume, or in two, according to the preference of the purchaser.

The cost of publication has been greater than was expected, in consequence of the book being larger, and it is ascertained that the author cannot afford to charge less than $15 for the volume or volumes of the Law, and $10 for the Equity volume to be paid on or before the delivery of the volumes respectively. The work, though containing much more matter, will cost but little more in currency, than was formerly charged in gold or its equivalent for the aggregate of Iredell's and Jones's Digest.

When a purchaser wants an interleaved copy, he will so state in his order for the work. There will be an additional price of one dollar for such copy.

We have consented to act as agents for Judge Battle in the sale of the Digest, and now solicit immediate orders, accompanied with directions as to how the book shall be bound, &c.

The printing of the Equity volume will be commenced without delay.

A New Era In Medicine!

☞ Let the Suffering and Diseased read the following.

☞ Let all who have been given up by Doctors, and spoken of as incurable, read the following.

☞ Let all who can believe facts and can have faith in evidence, read the following:

Know all men by these presents, That on this, the Twentieth day of June, in the year of our Lord, One Thousand Eight Hundred and Sixty-Six, personally came Joseph Haydock to me, known as such, and being duly sworn, deposed as follows: That he is the sole general agent for the United States, and dependencies thereof, for preparations or medicines known as MAGGIEL'S PILLS and SALVE, and that the following certificates are verbatim copies to the best of his knowledge and belief.

L. S. JAMES SMEITER,
Notary Public,
Wall Street, New York.

June 1, 1866.

DR. MAGGIEL:—I take my pen to write you of my great relief and that the awful pain in my side has left me at last—thanks to your medicine. Oh, doctor, how thankful I am that I can get some sleep. I can never write it enough. I thank you again and again, and am sure that you are really the friend of all sufferers. I could not help writing to you, and hope you will not take it amiss.

JAMES MYERS,
116 Avenue D.

This is to certify that I was discharged from the army with Chronic Diarrhœa, and have been cured by Dr. Maggiel's Pills.

WILSON HARVEY,
New York, April 7, 1865. 27 Pitt Street.

The following is an interesting case of a man employed in an Iron Foundry, who, in pouring melted iron into a flask that was damp and wet, caused an explosion. The melted iron was thrown around and on him in a perfect shower, and he was burnt dreadfully. The following certificate was given to me by him about eight weeks after the accident.

New York, Jan. 11, 1866.

My name is Jacob Hardy; I am an Iron Founder; I was badly burnt by hot iron in November last; my burns healed, but I had a running sore on my leg that would not heal; I tried Maggiel's Salve, and it cured me in a few weeks. This is all true, and any body can now see me at Jackson's Iron Works, 2nd Avenue.

J. HARDY,
119 Georick Street.

Extract from Various Letters:

"I had no appetite; Maggiel's Pills gave me a hearty one."

"Your Pills are marvelous."

"I send for another box, and keep them in the house."

"Dr. Maggiel has cured my headache that was chronic."

"I gave half of one of your pills to my babe for cholera morbus. The dear little thing got well in a day."

"My nausea of a morning is now cured."

"Your box of Maggiel's Salve cured me of noises in the head. I rubbed some of your Salve behind my ears and the noise left."

"Send me two boxes; I want one for a poor family."

"I enclose a dollar; your price is twenty-five cents, but the medicine to me is worth a dollar."

"Send me five boxes of your pills."

"Let me have three boxes of your Salve by return mail."

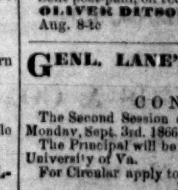
AYER'S AGUE CURE,

FOR THE SPEEDY CURE OF



Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases originating in biliary derangement, caused by the Malaria of miasmatic countries.

FEVER and Ague is not the only consequence of the miasmatic poison. A great variety of disorders arise from its irritation, in malarious districts, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis, and Derangement of the Stomach, all of which, when originating in this cause put on the *intermittent type*, or become periodical. This "CURE" expels the poison from the blood, and thus cures them all alike. It is not only the most effectual remedy ever discovered for this class of complaints, but it is the cheapest and moreover is perfectly safe. No harm can arise from its use, and the patient when cured is left as healthy as if he had never had the disease. Can this be said of any other cure for Chills and Fever? It is true of this, and its importance to those afflicted with the complaint cannot be over estimated. So sure is it to cure the Fever and Ague, that it may be truthfully said to be a certain remedy. One Dealer complains that it is not a good medicine to sell, because one bottle cures a whole neighborhood.

Prepared by J. C. AYER & Co., Lowell, Mass., and sold by

BUCKEYE SULKY PLOW.

Being impressed with the necessity, and importance of economy in farming, I am happy to have it in my power to furnish to farmers at manufacturers prices the BUCKEYE COTTON & CORN CULTIVATOR OR SULKEY PLOW.

It is certainly the greatest improvement of the age in agricultural implements.

It will, with two horses and one hand, cultivate as much land, and do it as well, as four horses and four hands in the usual way; and the plower can *either walk or ride* at pleasure; which enables old or decripped men, who cannot follow the common plow to execute the work as well as the most robust.

It is manufactured by R. Sinclair & Co., Baltimore, at $70, and is the cheapest plow in use, because of the great saving in hands, teams and provisions. For further information upon the subject, address.

HILLSBOROUGH MILITARY ACADEMY.

The exercises of this well known institution, founded by the late Col. C. C. Tew, will be resumed on the 1st day of October next, under the direction of Gen. R. E. COLSTON, a graduate, and for fifteen years, (up to the commencement of the war) a Professor of the Va. Military Institute.

The course of instruction will be such as to make the Academy a great

POLYTECHNIC SCHOOL,

a school of theoretical and *applied* science—in which languages and literature will also receive a full share of attention. The discipline and instruction will be upon a complete military basis.

Gen'l. Colston's long experience and extensive acquaintance enable him to assure the public, that he will secure the services of Professors of distinguished ability as the wants of the school require them, and he confidently relies upon the liberal patronage of his old friends and companions in arms, throughout N. C. and the whole South.

Applications for admission must be made as early as practicable, to the Superintendent, and accompanied by testimonials of good moral character. Circulars containing full information will be issued in a few days. For these, and all further particulars, apply to GEN R. E. COLSTON,

Superintendent Hillsborough Military Academy, Hillsborough N. C.
